New York Deli Pretzel

They were the original convenience food, and sandwiches remain an important part of our product range. Our sandwiches and wraps come fresh or frozen. We offer an impressive range of fillings and bread, including options for special dietary requirements.

While we are always looking at how to integrate and develop the latest food trends, in our opinion there is always a place for the classics.

We love our comfort foods and the sense of wellbeing they bring, and our New York Deli Pretzel filled with pastrami, Emmental, gherkins & mustard mayonnaise is reassuring, tasty, and satisfying.

Best of British Afternoon Tea

If you need to offer a practical and delicious meal on the move, look no further than our pre-packaged options. We create on-trend and inventive solutions, and new takes on consumer favourites.

For our best of British afternoon tea, we partnered with Daffodil Foods for their luxurious Welsh clotted cream and raspberry compote. These perfectly compliment the Pullin's Bakery fruit scone.

To shake things up whilst keeping to the Great British tea theme, why not add Tea Pigs kombucha, or World of Zing's Earl Grey Gin & Tonic.

Pullin's Cakes

In this category we work with localised and craft producers creating indulgent treats that deliver on flavour. Moreover we are seeing a rise in consumer demand for the very best 'free-from' solutions, and are constantly searching for new partners to fulfil this need.

Pullin's Bakery are an award winning family owned business that offers a delightfully eclectic range of cakes that include gluten free and vegan options. Like us, they are always looking to blend the dietary needs of the 21st century consumer with a commitment to consistent quality.

Chocolate Truffle Dessert

Within our range of assembled desserts, we source and develop sorbets, ice creams, premium desserts, and potted desserts.

As with our sweet items, we are seeing considerable growth in the evolution of gluten-free, plant based and the free-from category, as well as exciting niche suppliers. So we've worked hard to find inspiring pre-made desserts that cater for a wide spectrum of dietary and lifestyle requirements.

Partners like Daffodil Foods took their experience in producing indulgent and delicious treats, and applied it to develop these fantastically rich, melt-in-the-mouth plant based chocolate truffle desserts. Moreish, and forward thinking too!
